

“ If you’re part of social networking, we invite you to follow First Presbyterian Church in conversation and updates throughout the week! We are posting under FPCALLENTOWN on both Facebook® & Twitter sites. Find us on Facebook® to participate in our social online “Good News,” and join us to see what people are discussing and sharing about our current sermon series, The Word of God (on belief in Christ as The Word in a pluralistic society)—and post your thoughts! If you're not on Facebook® or Twitter, they are free and easy to join. If you need assistance in setting up an account, contact the church office to find out how you can log on to share your thoughts about Christ and our mission. ”
